
Title: Scorpions!

Author: Governor Lady Rain

M'Lord....

I am a spider! They have
turned me into a spider!

I woke up, not
remembering anything,
and I was a wolf spider.

These mysterious
healers told me that
turning me into a wolf
turning me into a wolf
spider was the only way
to keep me alive while
they search for the anti
venom for the scorpion
queens poison.

Apparently wolf spiders
are 100% resistant to
poison. So here we are,
I am a spider *shivers*.

A creepy nasty spider!

M'Lord, how can I host
drunken nekid karaoke
as a spider??

How can I walk my
beautiful city
each day as a gross 8
legged creature? I can't
even speak!!

Yet somehow, our coffers
are full and this amazing
city is thriving. That is
what keeps me going
through this horrid ordeal.
The hard working guards
and our noble Paladins.

Between them and the
Bwtween them and
our amazing citizens, they
keep our city going!

I was told that Sofia,
the Royal Investigator,
has been leading a
charge in search for an
anti venom that will cure
the scorpion queens poison
that has infested my
blood. I do hope she can
pull through soon!
If she isn't able to pull
off her mission, I may be
stuck like this
forever!

shivers again

M'Lord, these scorpions
HAVE GOT TO GO!
